

10 ECO ELECTRICAL SYSTEMS, LLC,

11 Plaintiff,

12 v. No. C 20-00444 WHA

13 RELIAGUARD INC., et al.,

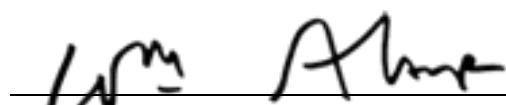

14 Defendants. **ORDER RE MOTION TO SEAL**

15  
16 Defendant Reliaguard has filed a revised motion to seal directed toward two exhibits  
17 filed in connection with plaintiff Eco Electrical's summary judgment papers (Dkt. No. 159).  
18 Eco Electrical opposes with respect to one of the exhibits, arguing that it will want to use the  
19 unredacted exhibit at trial (Dkt. No. 164).

20 For the time being, the revised requests are appropriately tailored. Reliaguard's motion  
21 is therefore **GRANTED**. This order does not, however, prevent Eco from using the exhibits at  
22 trial. As explained in the prior order on motions to seal, the sealing calculus may change at  
23 trial. Therefore, if the question arises again at trial, it will be dealt with then.

24 **IT IS SO ORDERED.**

25 Dated: January 9, 2023.
